

Food Delivery Instructions

Thank you for volunteering to make food deliveries on behalf of Good Shepherd Lutheran Church. A schedule will be made up by the church office which will give you an idea of when you will be contacted. Unfortunately, we cannot give you an exact time and day since the need is usually an emergency. The call may come at an inconvenient time for you, but we hope that you will make every effort to deliver the food as soon as possible. If the month which you have been scheduled is a particularly busy one for you, please try to trade with someone who has a more convenient month. Please contact the church office (352-1732) with any changes that are made. If you have any problems finding someone to switch with you, please contact Donna Clark (356-3278).
